WHO ARE WE?

Chichester Film & Video Makers are a group of enthusiastic amateurs committed to the art of film making.

The aim of the club is to encourage an interest in video production as a medium of information, education and entertainment, increasing the knowledge and technical ability of our members.

Aimed mainly at camcorder users, we offer a warm welcome to anyone, from beginner to advanced level, who wants to improve their film making skills for their own pleasure or to enter club and external competitions at regional, national or even international level.

The club is actively involved in the community with other local organisations working together to produce first class DVDs of local events.
